## UI PLAN - INTERACTIVE ELEMENTS

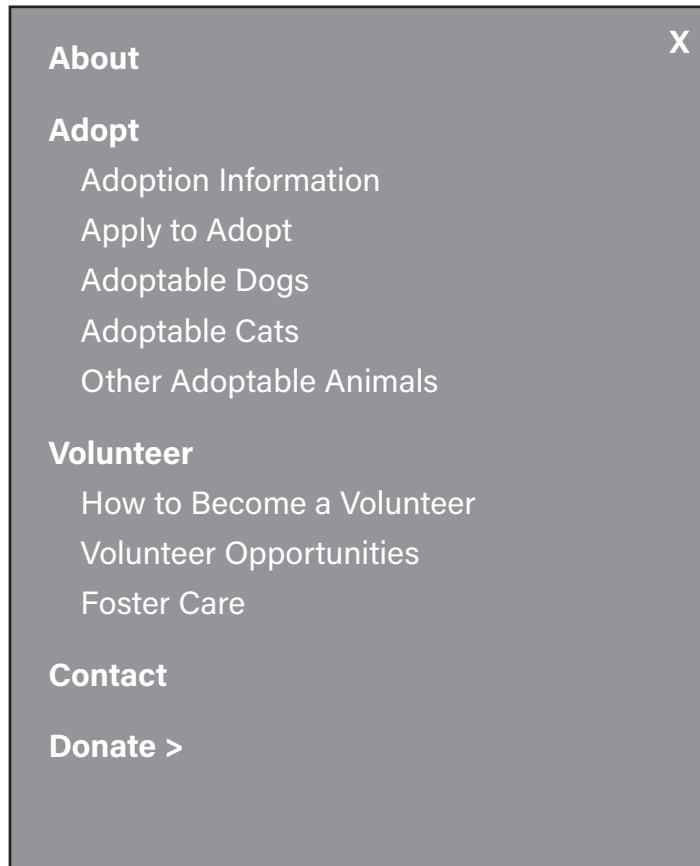

### 1. Navigation Sub-Menu Drop Down for “Adopt” and “Volunteer” menu items

The drop down sub-menu will be available for the “Adopt” and “Volunteer” menu items. It will appear when the user hovers over the menu item and disappear when their mouse leaves the item. The sub-menu will not appear at the same time as they are in the wire frame above.

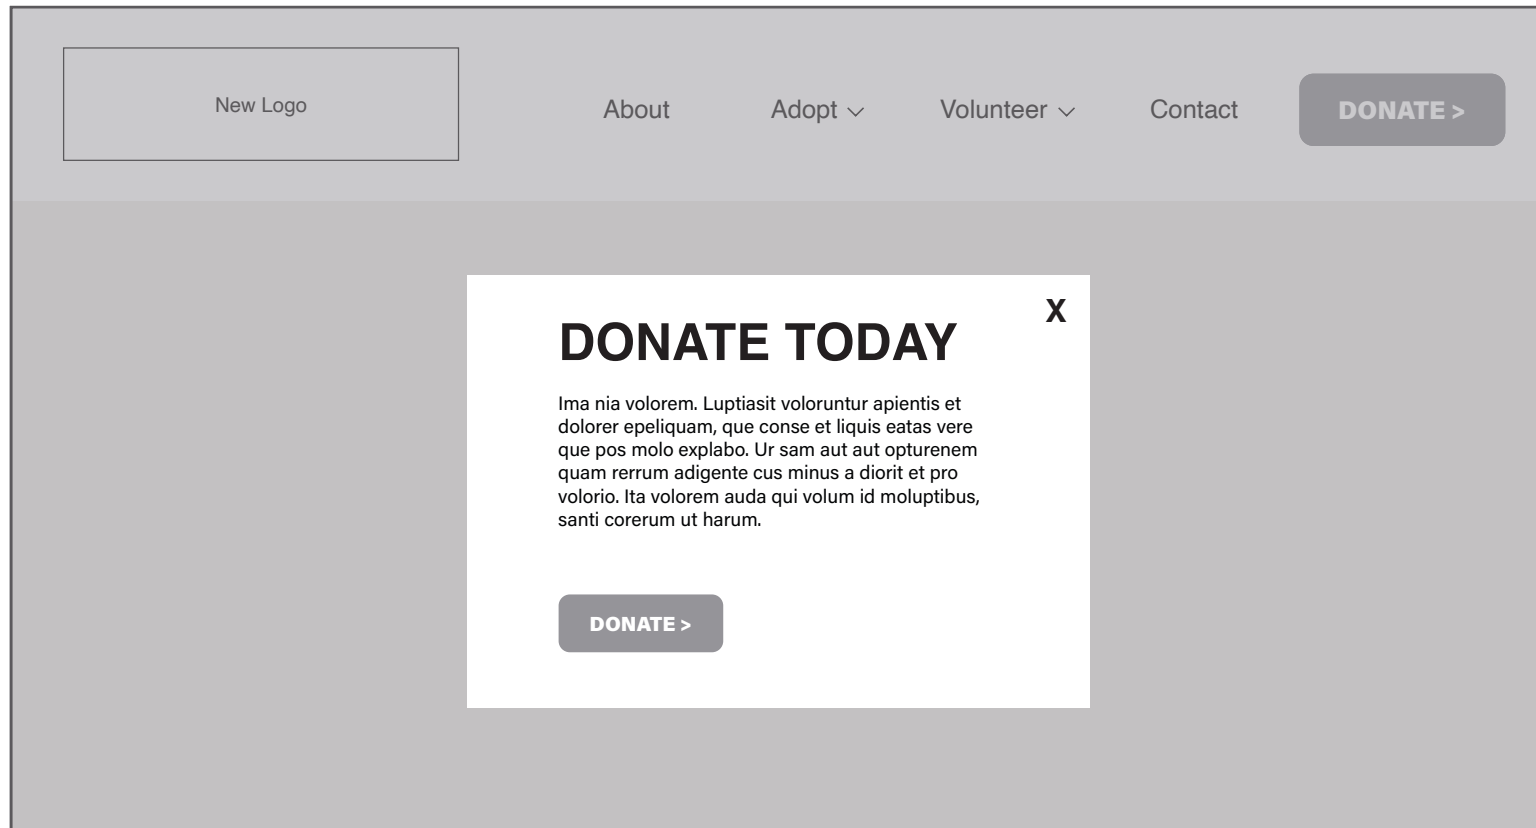

## 2. Mobile Hamburger Menu

The hamburger menu will replace the regular menu for mobile screen sizes and will include the sub-menu items. The full menu will appear when the user clicks on the hamburger menu icon.

### 3. Pop-up ad on homepage for donations

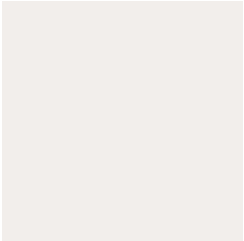

The pop-up ad will appear when the user lands on the home page. The user can either click on the donate button which will take them to the page to donate or they can close the ad by clicking on the "x" in the top corner.

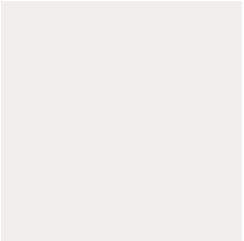

### 3. API - dynamic content for adoptable dogs and adoptable cats pages

## ADOPTABLE DOGS
